

Catalog	Product	Origin	Description	Price
PS-FB1	Fetal Bovine Serum	United States	FBS - United States Origin	★★★★★
Endotoxin Specification		Normal Endotoxin	Hemoglobin Specification	Normal Hemoglobin
≤ 10 EU/mL		≤ 1 EU/mL	≤ 30 mg/dL	≤ 20 mg/dL

* Highest quality 100% US Origin FBS, meets and exceeds the highest industry standards for all research applications. For further manufacturing / diagnostic use, meets European Union requirements for production of technical blood products.

Catalog	Product	Origin	Description	Price
PS-FB2	Fetal Bovine Serum	USDA Approved	FBS - USDA Approved Sourcing	★★★★
Endotoxin Specification		Normal Endotoxin	Hemoglobin Specification	Normal Hemoglobin
≤ 1 EU/mL		≤ 1 EU/mL	≤ 30 mg/dL	≤ 20 mg/dL

* USDA Approved FBS sourced from countries that have met USDA importation requirements. Suitable for a large variety of cell culture applications.

Catalog	Product	Origin	Description	Price
PS-FB3	Fetal Bovine Serum	USDA Approved	FBS - Pure Premium Research Grade	★★★
Endotoxin Specification		Normal Endotoxin	Hemoglobin Specification	Normal Hemoglobin
As Reported		≥ 10 EU/mL	As Reported	≥ 30 mg/dL

* USDA Approved FBS sourced from countries that have met USDA importation requirements. Suitable for cell growth / typical cell culture applications while offering exceptional value.

Catalog	Product	Origin	Description	Price
PS-FB4	Fetal Bovine Serum	United States	FBS - Pure Premium Research Grade	★★★
Endotoxin Specification		Normal Endotoxin	Hemoglobin Specification	Normal Hemoglobin
As Reported		≥ 10 EU/mL	As Reported	≥ 30 mg/dL

* 100% US Origin FBS that is suitable for cell growth with exceptional value for typical cell culture applications.

Catalog	Product	Origin	Description	Price
PS-NB1	Newborn Calf Serum	United States	NBCS - United States Origin	★
Endotoxin Specification		Normal Endotoxin	Hemoglobin Specification	Normal Hemoglobin
≤ 10 EU/mL		≤ 1 EU/mL	≤ 30 mg/dL	≤ 20 mg/dL

* Highest quality 100% US Origin NBCS, meets and exceeds the highest industry standards.
